

## **Safeguarding and Welfare Requirement: Safety and Suitability of Premises, Environment and Equipment**

Providers must keep premises and equipment clean, and be aware of, and comply with, requirements of health and safety legislation (including hygiene requirements).

### **8.9 Animals in the setting**

#### **Policy statement**

Children learn about the natural world, its animals and other living creatures, as part of the Learning and Development Requirements of the Early Years Foundation Stage. This may include contact with animals, or other living creatures, either in the setting or on visits. We aim to ensure that this is in accordance with sensible hygiene and safety controls.

#### **Procedures**

##### *Animals in the setting*

- We carry out a risk assessment with a knowledgeable person accounting for any hygiene or safety risks posed by the animal or creature/s.
- We provide suitable housing for the animal or creature that is visiting and ensure this is cleaned out regularly and is kept safely.
- Our staff are knowledgeable of the pet's welfare and dietary needs and ensure that the correct food is offered, at the right times.
- We make arrangements for weekend and holiday care for the animal or creatures if their visit extends to weekends and holidays.
- We teach children the correct handling and care of the animal or creature and supervise them at all times.
- We ensure that children wash their hands after handling the animal or creature and do not have contact with animal soil or soiled bedding.
- We wear disposable gloves when cleaning housing or handling soiled bedding.
- If animals or creatures are brought in by visitors to show the children, they are the responsibility of their owner.
- The owner carries out a risk assessment, detailing how the animal or creature is to be handled and how any safety or hygiene issues will be addressed.

#### **Legal framework**

- The Management of Health and Safety at Work Regulations (1999)

**Pre-School**
